LEGISLATIVE COUNSEL'S DIGEST

SB 309, as amended, Price. State Athletic Commission.

Under existing law, the State Athletic Commission Act, the State Athletic Commission is responsible for licensing and regulating boxing, kickboxing, and martial arts matches and is required to appoint an executive officer. Existing law repeals these provisions on January 1, 2014. A violation of the act is a crime.

This bill would extend the repeal date to January 1, 2016.

Existing law requires the commission, at its regularly scheduled meetings, to invite testimony from boxing stakeholders to identify actions that may lead to greater opportunities for its licensees to participate in major professional championship boxing contests in the state. Existing law requires the commission to annually make $SB 309 \qquad \qquad -2 -$

recommendations, based on that testimony, to the Governor and the Legislature.

This bill would delete that recommendation requirement.

Existing law authorizes the commission to license professional and amateur boxers, professional and amateur martial arts fighters, and booking agents, managers of professional boxers and professional martial arts fighters, trainers, chief seconds, and seconds of each. Under existing law, only a natural person may be licensed as a boxer and martial arts fighter.

This bill would eliminate that natural person limitation on who may be licensed as a boxer and martial arts fighter.

Under existing law, the commission may authorize a nonprofit boxing, wrestling, or martial arts club or organization, upon approval of its bylaws, to administer its rules for amateur boxing, wrestling, and full contact martial arts contests subject to specified findings by the commission.

This bill would additionally authorize a sanctioning body to administer its rules. The bill would authorize the commission to revoke the authority for a previously authorized nonprofit boxing, wrestling, or martial arts club, organization, or sanctioning body to administer its rules.

Existing law prohibits a professional boxer from sparring for training purposes with any person not licensed as a professional boxer or who does not have a sparring permit. Existing law prohibits a person from conducting or operating a professional boxers' training gymnasium unless he or she has been issued a license by the commission. Under existing law, the failure of a licensed training gymnasium owner or operator, fighter, boxer, trainer, second, or manager to report to the commission an injury or knockout of a licensed boxer or fighter or the holder of a sparring permit is grounds for the suspension of his or her license.

This bill would repeal those provisions. The bill would prohibit a person from training a professional boxer or kickboxer or martial arts athlete unless he or she has been licensed by the commission. The bill would make the application and renewal fee for a licensed professional trainer \$200. The bill would define a "professional trainer" as someone who is responsible for the day to day training of those aforementioned athletes and possesses a minimum of 5 years experience in combative sports. The bill would authorize only licensed professional trainers to make a recommendation to the commission on whether a contestant is prepared for his or her first amateur mixed martial arts bout or to turn

3 SB 309

professional in boxing, kickboxing, or mixed martial arts. The bill would require a professional trainer to be present in the corner of the contestant unless otherwise authorized by the commission or the executive officer. The bill would make the failure of a licensed professional trainer to report to the commission and Fight Fax Inc. a specified database an injury or knockout of a licensed boxer or fighter *one of the* grounds for the suspension *or revocation* of his or her license. The bill would make a conforming change.

Under existing law, the commission requires, as a condition of licensure and annual renewal and as a part of the application process, the examination by a licensed physician and surgeon who specializes in neurology and neurosurgery of each applicant for a license as a professional athlete or contestant, in addition to any other medical examinations. Existing law requires the cost of the examinations to be paid from assessments on any one or more of the following: promoters of professional matches, managers, and professional athletes or other contestants licensed under the act.

This bill would specify that the administrative costs associated with managing and distributing the State Athletic Commission Neurological Examination Account shall be limited to no more than 20% of the prior year's contributions. The bill would authorize the commission to use moneys from the State Athletic Commission Neurological Examination Account, upon appropriation by the Legislature, to fund special neurological examinations and explore new diagnostic imaging and testing to be used in relation to those required examinations.

Existing law requires the commission to license referees. Existing law requires a referee to be in attendance at every boxing contest and to enforce the rules of the commission at every boxing contest. Existing law requires a licensed physician and surgeon to observe the physical condition of the contestant during the contest and requires ringside physicians and surgeons to meet certain requirements. Existing law prohibits a referee or physician and surgeon from being assigned to a boxing contest if he or she has not participated in a clinic sponsored by the commission in the preceding 6 months. Existing law authorizes the commission to pay any necessary and authorizes travel expenses of referees and physicians and surgeons who attend such clinics.

This bill would delete that payment authorization and would authorize the commission to contract with a 3rd party to conduct a clinic. The bill would authorize a 3rd party to charge attendees a reasonable fee, as specified instead prohibit a referee or physician and surgeon from being

SB 309 —4—

assigned to a boxing contest if he or she has not completed, within the preceding 6 months, a clinic offered by a provider approved by the commission, as specified. The bill would authorize a clinic provider to charge a referee or physician and surgeon participating in a clinic a reasonable fee.

Existing federal law requires a state boxing commission to issue to each professional boxer who registers with it an identification card containing specified information and requires each professional boxer to renew his or her identification card at least once every 4 years.

This bill would require the commission to charge a \$20 fee to issue federal identification cards and would require those cards to be reissued once every 4 years.

Existing law requires every person who conducts a contest or wrestling exhibition, within 5 working days after the determination of every contest or wrestling exhibition for which admission is charged and received, to furnish to the commission, among other things, a fee of 5% of the amount paid for admission to the contest or wrestling exhibition, but prohibits the fee from exceeding \$100,000, and a fee of up to 5%, as specified, for the sale, lease, or other exploitation of broadcasting or television rights, except that this fee is prohibited from being less than \$1,000 or more than \$25,000. Existing law requires the commission to report to a specified legislative committee on the fiscal impact of that \$100,000 limitation. Existing law prohibits the minimum fee for an amateur contest or exhibition from being less than \$500.

This bill would instead require the commission to furnish that 5% fee within 72 hours and report to the Legislature during its next sunset review. The bill would-instead increase the limit on the 5% fee for the sale, lease, or other exploitation of broadcasting or television rights to \$35,000. The bill would prohibit the minimum fee for an amateur contest or exhibition from being less than \$1,000. The bill would prohibit the minimum fee for a professional contest or exhibition from being less than \$1,250.

Existing law requires the administrative costs associated with investing, managing, and distributing the Boxers' Pension Fund to be limited to no more than 20% of the average annual contribution made to the fund in the previous 2 years, not including any investment income derived from the corpus of the fund. Existing law requires the commission to report to a legislative committee on the impact of these provisions during the next regularly scheduled sunset review.

5 SB 309

This bill would limit those administrative costs to no more than 2% and would require that report to be submitted to the Legislature.

Because a violation of the bill's requirements would be a crime, the bill would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Vote: majority. Appropriation: no. Fiscal committee: yes. State-mandated local program: yes.

The people of the State of California do enact as follows:

- (b) If an applicant for licensure as a professional athlete under this chapter undergoes a neurological examination for purposes of licensure within the 120-day period immediately preceding the normal expiration of that license, the applicant shall not be required to undergo an additional neurological examination within the following 12 consecutive month license period unless the commission, for cause, orders that the examination be taken. - (1) A written report executed under penalty of perjury by one of the officers, showing the amount of the gross receipts, not to exceed two million dollars (\$2,000,000), and the gross price for the contest or wrestling exhibition charged directly or indirectly and no matter by whom received, for the sale, lease, or other exploitation of broadcasting and television rights of the contest or wrestling exhibition, and without any deductions, except for expenses incurred for one broadcast announcer, telephone line connection, and transmission mobile equipment facility, which may be deducted from the gross taxable base when those expenses are approved by the commission.
- (2) A fee of 5 percent, exclusive of any federal taxes paid thereon, of the amount paid for admission to the contest or wrestling exhibition, except that for any one contest, the fee shall not exceed the amount of one-hundred-thousand-dollars (\$100,000). - (C) The fee shall apply to the amount actually paid for admission and not to the regular established price.
- (D) No fee is due in the case of a person admitted free of charge. However, if the total number of persons admitted free of charge to a boxing, kickboxing, or martial arts contest, or wrestling exhibition exceeds 33 percent of the total number of spectators, then a fee of one dollar (\$1) per complimentary ticket or pass used to gain admission to the contest shall be paid to the commission for each complimentary ticket or pass that exceeds the numerical total of 33 percent of the total number of spectators.
- (E) The minimum fee for an amateur contest or exhibition shall not be less than one thousand dollars (\$1,000). The minimum fee for a professional contest or exhibition shall not be less than one thousand two hundred fifty dollars (\$1,250).

SEC. 17. Section 18825 of the Business and Professions Code is amended to read:

18825. An inspector or other representative of the commission duly authorized by the executive officer shall be admitted to the

-17- SB 309

box office, and is authorized to assist in the counting of tickets and in the computation of the tax due thereon, and to take any other action necessary for the administration and enforcement of this chapter. The inspector or other representative shall immediately transmit to the commission the official statement of gross receipts received by him or her from the promoter.

SEC. 17. Section 18880 of the Business and Professions Code is amended to read:

1880. (a) The Legislature finds and declares all of the following:

- (1) That professional athletes licensed under this chapter, as a group, for many reasons, do not retain their earnings, and are often injured or destitute, or both, and unable to take proper care of themselves, whether financially or otherwise, and that the enactment of this article is to serve a public purpose by making provisions for a needy group to insure a modicum of financial security for professional athletes.
- (2) Athletes licensed under this chapter may suffer extraordinary disabilities in the normal course of their trade. These may include acute and chronic traumatic brain injuries, resulting from multiple concussions as well as from repeated exposure to a large number of subconcussive punches, eye injuries, including retinal tears, holes, and detachments, and other neurological impairments.
- (3) The pension plan of the commission is part of the state's health and safety regulatory scheme, designed to protect athletes licensed under this chapter from the health-related hazards of their trade. The pension plan addresses those health and safety needs, recognizing the disability and health maintenance expenses those needs may require.
- (4) The regulatory system of California is interrelated with the conduct of the trade in every jurisdiction. Athletes licensed under this chapter participate in contests in other states and many athletes who are based in those other jurisdictions may participate in California on a single-event basis.
- (5) The outcomes and natures of fights in other jurisdictions are relevant to California regulatory jurisdiction and are routinely monitored for health and safety reasons, so that, for example, a knockout of an athlete licensed under this chapter in another jurisdiction is paid appropriate heed with respect to establishing

SB 309 — 18—

a waiting period before that athlete may commence fighting in
 California.

- (6) The monitoring of other jurisdictions is an integral part of the health and safety of California athletes licensed under this chapter due to the interstate nature of the trade, and therefore the regulatory scheme for contests and athletes under this chapter should reflect this accordingly.
- (b) The provisions of this article pertain only to professional athletes licensed under this chapter.
- SEC. 18. Section 18882 of the Business and Professions Code is amended to read:
- 18882. (a) At the time of payment of the fee required by Section 18824, a promoter shall pay to the commission all amounts scheduled for contribution to the pension plan. If the commission, in its discretion, requires pursuant to Section 18881, that contributions to the pension plan be made by the boxer and his or her manager, those contributions shall be made at the time and in the manner prescribed by the commission.
- (b) All contributions to finance the pension plan shall be deposited in the State Treasury and credited to the Boxers' Pension Fund, which is hereby created. Notwithstanding the provisions of Section 13340 of the Government Code, all moneys in the Boxers' Pension Fund are hereby continuously appropriated to be used exclusively for the purposes and administration of the pension plan.
- (c) The Boxers' Pension Fund is a retirement fund, and no moneys within it shall be deposited or transferred to the General Fund.
- (d) The commission has exclusive control of all funds in the Boxers' Pension Fund. No transfer or disbursement in any amount from this fund shall be made except upon the authorization of the commission and for the purpose and administration of the pension plan.
- (e) Except as otherwise provided in this subdivision, the commission or its designee shall invest the money contained in the Boxers' Pension Fund according to the same standard of care as provided in Section 16040 of the Probate Code. The commission has exclusive control over the investment of all moneys in the Boxers' Pension Fund. Except as otherwise prohibited or restricted by law, the commission may invest the moneys in the fund through

-19 - SB 309

the purchase, holding, or sale of any investment, financial instrument, or financial transaction that the commission in its informed opinion determines is prudent.

1 2

- (f) The administrative costs associated with investing, managing, and distributing the Boxers' Pension Fund shall be limited to no more than 2 percent of the corpus of the fund. Diligence shall be exercised by administrators in order to lower the fund's expense ratio as far below 2 percent as feasible and appropriate. The commission shall report to the Legislature on the impact of this provision during the next regularly scheduled sunset review.
- SEC. 19. No reimbursement is required by this act pursuant to Section 6 of Article XIIIB of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIIIB of the California Constitution.
